

Race of Champions 2016

This year's Race of Champions will be held at the Fort Worth Boat Club on December 10 – 9:00 am skippers meeting.

The ROC is a race that I first became aware of back in the 80's. The participants are taken from each class that has been racing throughout the year – Div I/Spin, Div II/ Spin, Div III Spin, Genoa I, II, and III, J/22, and Juniors. We go back through all of the scores for the year and see who won the most series. The winner of the most series becomes the Champion of that Fleet so everybody chosen to race is already a champion!

To keep the racing honest we also invite the winner of the previous year's ROC to defend their title and last year's Club Champion is Marshall Werst.

The race on Saturday will be in our club J/22's. Far and away Bryan Dyer has his name on the coveted trophy more times than anyone. Yours truly does have his name on the trophy and I'm excited to be able to have a chance to get onto the podium again. Looks like we're going to have breeze so come on out and watch the action this Saturday!

This year's Champions are:

Past Champion: Marshall Werst
